

526 ^MILE ZOLA, NOVELIST AND
REFORMER

It remains to be added here that on May 26, 1903, in the presence of a few relatives and friends, Zola's remains were quietly translated from their provisional resting-place to a tomb—designed by M. Frantz-Jourdain—facing the *rond-jpoint* or open space near the entrance of the Montmartre cemetery. There they will probably remain until the French nation decrees their removal to the Pantheon.
